

RISK INTELLIGENCE SERVICES

Exclusive Access to Information & Expertise

RANE Risk Intelligence clients receive exclusive access to curated network intelligence, community-enabled proprietary content (best practices, checklists, polls, interviews, etc.), and knowledge-sharing webinars and events to help address the evolving risk landscape and potential threats. Our online platform also provides access to risk monitoring tools and the global directory of risk experts.

Subscribe to RANE's Risk Intelligence Services and receive:

- ✓ Improved situational awareness of emerging risks and threats
- ✓ More efficient access to risk information and expertise
- ✓ Better outcomes for your mitigation and risk management efforts

Smart Curation of Critical Risk News & Market Information

Get the insight you need to be more informed and prepared

RANE organizes actionable insights from the collective wisdom of our risk experts, organized in a searchable database of curated and original content across a broad range of risk topics. This network intelligence helps members benchmark their programs against peers', monitor relevant risk issues, and take a more proactive approach to risk mitigation and preparation.

NETWORK INTELLIGENCE — proprietary research and analysis, exclusive interviews and surveys, threat advisories, and expert commentary.

CURATED INSIGHTS — industry reports, bulletins, white papers, and benchmarking guides from a wide range of government, corporate, non-profit and educational sources.

NEWS & MARKET MONITORING — aggregated and filtered content to extract and present the risk items most relevant to you and your company.

- Access critical risk news and relevant analysis, hand-picked by RANE editors
- Spotlight emerging risk issues before they capture mainstream industry attention
- Track specific topics from across the RANE community with daily, weekly, and monthly reports

Research analysts assist with expert search, provide relevant network intelligence, and conduct research on specific risk issues

Access to a Global Network of Leading Experts

Find the right expertise at the right time

RANE provides access to a searchable directory of credentialed risk experts and service providers, covering over 250 risk topics across six major categories. Members can connect with leading experts to extend their professional networks and efficiently find the specific help they need.

PROPRIETARY, GLOBAL DATABASE – thousands of leading experts from a broad spectrum of risk and security disciplines with extensive backgrounds in business, law, public service, academia, science, technology, engineering, and more.

VETTED & CREDENTIALLED EXPERTS – a comprehensive credentialing process that includes continuous, risk-based background research and vetting, and validation/feedback on prior engagements.

EFFICIENT EXPERT SOURCING – RANE analysts help identify the optimal candidates for your needs and facilitate referrals between our members and network experts.

- Save time by quickly identifying the right risk experts for the task at hand
- Zero in on the optimal candidates using firm and individual profiles
- Select an expert with confidence, knowing RANE experts have a demonstrated reputation for service and integrity

Knowledge-Sharing Events Featuring Experts from Our Network

Access best practices and practical strategies

RANE provides opportunities for peer and expert collaboration through exclusive events featuring RANE's leading experts in risk management. Speakers share insights, best practices, and actionable strategies for better understanding the evolving risk landscape and addressing emerging risks. A diverse set of perspectives provides members with a holistic view from both the public and private sectors.

THE BEST MINDS & INSIGHTS – practical perspectives on emerging risk issues from top experts in their fields across a wide range of industries and disciplines.

VIRTUAL & IN PERSON EVENTS – From webinars and exclusive briefing sessions to in-person roundtables and conferences, these events provide timely support for members and offer valuable opportunities to engage directly with peers and experts.

JOIN LIVE OR ON-DEMAND – Members receive a written recap summary highlighting the key takeaways and an audio replay for on-demand access.

- Insights and holistic analysis of emerging risk issues
- Best practices and actionable strategies across risk disciplines
- A range of practical perspectives from world-class expert speakers
